Subject: Application for unable to participate in upcoming tutorial examination.

I beg most respectfully to state that I am a regular student of your course Micro Economics (ECON-501). Due to a recent surgery, I have to go for a follow up in Cristian Medical College, Vellore, India. I have already confirmed my air ticket (27-05-24) and my doctor appointment is in the 1st week of next month. So I can't participate on the upcoming tutorial examination. However, I am committed to catching up on the contents of missed classes and tutorial promptly.

May I therefore pray and hope that you understand my issue and consider my tutorial examination.

Sincerely

Md. Rakib Hasan Piyal
